

Using our Products:

FACE CREAMS - will keep for at least 3 months with careful use. We don't use emulsifiers (which are of no benefit to skin or health) or any synthetic chemicals. So they behave a little differently from conventional creams. They come in shades of creamy gold & may change a little over time. A textured graininess can develop as the butters & waxes separate a little, melting immediately in contact with warm skin. If droplets of Aloe vera juice appear, just pour away.

How to use the face creams:

- Open jar soon after purchasing and ideally use each day.
- Daily opening is the best preservative.
- Keep away from sources of direct heat and light.
- Ensure that fingers are clean before popping into jar.

BALMS, FACIAL OILS & BODY BUTTERS - will keep for at least 6 months if stored away from sources of heat as these ingredients are more stable.

Price List Winter 2019/20

BUDS & BEES SKIN FOOD

Pure - Raw - Organic

Our Products are:

ALCHEMICAL! - a little 'magic' is needed to create pure creams using only natural & organic ingredients - no fragrances, preservatives, emulsifiers or fillers. We use raw, unrefined and unprocessed ingredients and Biodynamic oils, waxes & essential oils when available.

ORGANIC - we choose only the finest ingredients (97-100% organic) to create beautiful creams and balms for a very reasonable price.

PLANT BASED - using high-quality waxes, butters, oils and juices - treasured for their time-honoured healing and rejuvenating qualities.

PRESERVED NATURALLY - using stable base oils and essential oils - rich in anti-bacterial and anti-microbial properties.

FRESHLY-MADE - our products are freshly-made to order every week..
